PRESENTS

ESCAPE

YOU'RE LOST IN A MAZE WITH NO IDEA OF WHAT TO DO. ALL YOU SEE ARE LONG CORRIDORS AND ENDLESS DOORWAYS. CAN YOU FIND THE WAY OUT?

REQUIRED

5K COMMODORE VIC 20 COMPUTER
COMMODORE TAPE PLAYER

LOADING

TURN COMPUTER ON, INSERT TAPE INTO PLAYER AND REWIND. PRESS AND HOLD DOWN THE SHIFT KEY THEN PRESS AND RELEASE THE RUN/STOP KEY. NOW RELEASE THE SHIFT KEY AND PRESS "PLAY" ON TAPE. AFTER A FEW MOMENTS THE SCREEN SHOULD SAY LOADING. IF NOT, REWIND TAPE AND START LOADING PROCEDURE OVER.

PLAY

AS SOON AS IT LOADS IN, THE SCREEN WILL CLEAR AND THEN BEGIN DRAWING A MAZE. WHEN THE MAZE IS COMPLETED, IT WILL PUT A DOOR SOMEWHERE ALONG EITHER THE TOP OR BOTTOM ROW OF MAZE. AFTER A FEW MOMENTS IT WILL SHOW WHERE YOU ARE IN THE MAZE (DESIGNATED BY A "Y"). IT WILL PAUSE FOR A FEW SECONDS TO ALLOW YOU TO STUDY THE WAYS OUT. THE VIEW WILL THEN CHANGE FROM THE OVERHEAD VIEW TO A GROUND LEVEL VIEW. YOU MUST NOW TRY TO EXIT THE MAZE BY WAY OF THE DOOR. YOU USE ONE KEY COMMANDS, WHICH ARE: "N"–NORTH, "S"–SOUTH, "E"–EAST, AND "W"–WEST. THE ARROW AND LETTER IN THE BOTTOM CENTER SHOW WHICH DIRECTION THAT YOU'RE FACING. AN EXAMPLE SCENARIO WOULD BE: A LONG CORRIDOR WITH A SMALL DOORWAY TO THE LEFT. YOU ARE FACING SOUTH. IF YOU WANT TO TURN DOWN THAT DOORWAY THE PROPER MOVES WOULD BE: SOUTH (TO GET CLOSER TO THE DOORWAY), THEN EAST, AND YOU'LL HAVE TURNED DOWN THE DOORWAY. IT MAY BE A BIT CONFUSING AT FIRST, BUT IT'LL SOON MAKE SENSE. AND LASTLY, YOU CAN PRESS "C" (FOR CHEAT) AND IT WILL SHOW YOU AN OVERHEAD VIEW OF THE MAZE. YOU THEN HAVE A FEW MOMENTS TO FIGURE A WAY OUT, THEN IT RETURNS TO THE GROUND LEVEL VIEW AND YOU RESUME YOUR WANDERING. GAME ENDS WHEN YOU ARE FREE OF THE MAZE. PRESS SPACE BAR TO PLAY AGAIN. GOOD LUCK. . . .
